Commodity prices continued on the upswing to start the first week of February. Futures started strong but cooled as the week progressed. This could signal a top, or it could just be the market taking a breather. Several items are difficult to source, including 2x12 and 2x6-9 ft trims. OSB prices firmed in some but not all markets, with secondaries trying to talk the market up with limited success... kind of like how ESPN has been trying to talk up that crappy Superbowl.
