Prices are F.O.B. mill, excluding freight

Lumber markets continued to gain momentum in the holiday-shortened week. The SE and Midatlantic markets were under the microscope as Hurrican Dorian made it's way up the coast of Florida toward the Carolinas. OSB in those regions saw increases, though typically this type of natural event only slows things down in the coming weeks. In other markets, OSB was largely flat, but lumber in all species continues it's roll.
