Composite Average	341	-01	461

Prices are F.O.B. mill, excluding freight

Dry dimension markets trudged along this week while Green DF markets continue to be tight and going up. SYP sales slowed as heat in the SE markets rose. OSB prices waffled in the west but did show some increases in the SE, heat or not. Lumber and OSB producers continue to look for opportunities to reduce supply and get in check with lackluster demand, especially in single family construction.
