Prices are F.O.B. mill, excluding freight

Tight supply and rising prices ruled the holiday-shortened week. Spruce dimension continues to be hotter than Bill Clinton at a new intern orientation. Both dry and green DF remain on the upswing, with SYP still on the rise but cooling. OSB has kicked back into a higher gear, and plywood is still on the rise as well. Distribution inventories remain very lean and sourcing anything quickly is still difficult. Enjoy celebrating Independence Day and stay out of the gene pool this weekend!
