Another really tough week in the world of both lumber and panels. Restricted supply and transportation delays have buyers who need anything promptly paying up in a big way - IF they can find what they need. Double digit increases were the norm on lumber and stud items, no matter the specie or trim. OSB saw high double and even triple digit gains for the second week in a row as mills touted order files through September. At some point new projects will lock up as financing becomes problematic and/or common sense kicks in. How the big boxes respond to these record highs bears watching.
