Lumber markets continued their decent to more normalized levels after spending all summer in the stratosphere. Turns out there are still logs on the planet after all. Who knew? This revelation is exciting to buyers, builders, and consumers who have been getting fleeced for most of 2020. Dry DF slipped into the precipice this week, joining GRN DF in it's fall. SYP dimension is dropping really hard - like Wile E Coyote clutching an anvil off a cliff hard. SPF continues to correct as well. SYP plywood came off again in large chunks, while Fir plywood and OSB continue to somehow hold firm, but resistance is futile - Make OSB Affordable Again.
